## ADD AIRBORNE BATTALION

### MICHIGAN TO LOSE 46th DIVISION IN PROPOSED MERGER

Michigan's 46th "Iron Fist" Infantry Division, to be 18 years old and untried on the field of battle, will become a unit of the past later this year if the proposed merger of the U. S. Army Reserve into the Army National Guard becomes a reality.

UNDER THE merger proposal a portion of Michigan's Army National Guard would become part of the 46th Inf. Div. which is headquartered in Indiana and which would also have units in Illinois. The 38th Inf. Div. has long been designated a high priority Special Mission Division assigned to the Caribbean Defense. The proposed troop list for the State of Michigan was outlined in detail by Colonel Schnipke, Acting Adjutant General, who stated that whereas at present the ARNG has 100 units with a combined strength of 9,197 and the USAR 129 units with a strength of 7,468, the proposed merger would trim the combined number of units to 171 with a total strength of 13,904. Both components in Michigan currently total 16,665 men.

The major units in the proposed structure are an Infantry Division Brigade with an authorized strength of approximately 2,500 personnel and a part of a Training Division with an authorized strength of approximately 2,100 personnel.

Additionally, troop units of Infantry, Artillery, Engineer, Medical, Military Police, Signal and Transportation are included to meet the needs of the State of Michigan or other local emergency situations.

PERHAPS the most significant change under the new structure is the addition of an Airborne Infantry Battalion within the divisional Infantry Brigade. Also there are provisions for a Special Forces Company Detachment (Airborne) which will be made up of 58 men along with an Infantry Long Range Patrol Company consisting of 166 men and which will be entirely mobile. According to Colonel Schnipke, the addition of the Airborne Infantry Battalion marks the first time Michigan will have such a unit if the proposed reorganization is approved by the United States Congress.

### With donations for flowers.

This project takes about 200 flats of Petunias to go the length of U. S. 27 between the sidewalk and the curb within the City. If we want to make our city the most attractive city in the north, we must all pitch in and help.

We have many new projects going in our area and lots of people will be coming to Grayling this summer interested in our progress. A neat and clean city with pretty flowers will certainly leave an impression on the minds of the tourists visiting here.

Michigan week is May 16th to 22nd and our Governor will visit here on May 21st, so we ask you to please make a special effort to clean your yards and tidy up around your homes and businesses before May 15th.

THE BANK and the local businesses will be glad to assist you with any remodeling and painting which you may find necessary.

The survey by the Housing Commission has been completed both for the elderly and non-elderly units which the City is working on with the Public Housing Administration. The results were very favorable. More details will be ready for next weeks paper.

WILL YOU please leave your donations for flowers at the City Office, Chamber of Commerce, Avalanche office or Grayling Bank or give them to any member of the Housing Commission? Even 50 cents or \$1.00 will help. No donation is too small to help with this project.

## Needed: "Employability"

Unemployment in this country holds persistently around the four million mark. At the same time, industries everywhere are clamoring, often unsuccessfully, for large numbers of workers to handle new jobs created by modern technology.

This apparent anomaly is easily explained. As President Carey of the Chamber of Commerce of the United States puts it, our schools are failing to build "employability" into high school graduates who seek jobs rather than go on to college. The result is that there is a labor shortage despite the unemployment rolls—a shortage of skilled labor.

To meet this challenge, he proposes a cooperative approach by educators and the business community. Business Advisory Committees would survey local manpower and skill requirements to help educators make their vocational and technical training programs meaningful. The caliber of instruction in vocational training courses would be improved by making practical experience the top priority in teacher certification. And the dignity of useful occupations would be elevated to overcome parental disapproval which forces some youngsters into college instead of into some form of advanced vocational or technical training for which they are better suited.

Mr. Carey is certainly on the right track. Technology is producing extremely profound changes in the kind and scope of needed skills. Education needs to change with it.

## What Might Have Been....

There is a somber irony in the fact that this year marks the 20th anniversary of the founding of the United Nations and that commemorative medals are to be sold to observe what is called International Co-operation Year 1965.

That brave phrase brings back the high hopes that were held the world over when the UN came into being in San Francisco. Once again, there was the feeling that was born in 1918—that the war to end wars had been fought. From now on the nations, meeting together, would see that reason, justice, truth and understanding prevailed.

We all know what has happened. How much of this may have been the fault of the UN is a matter of opinion and interpretation, and there is no profit in raking over tortured ground. But the world was never more disordered and that, tragically, is true at a time when its resources and incredible scope of knowledge are more than sufficient to make possible a civilization brilliant almost beyond imagining. The UN medal is a tribute to what might have been—not what is.

## Interesting Events In Grayling 23 Years Ago

INTERESTING ITEMS OF NEWS GATHERED FROM THE  
FILES OF THE AVALANCHE OF 23 YEARS AGO

MAY 7, 1942

Seven men of the 23-man crew of the Crawford County road employees were laid off May 1st and the men claim discrimination. Picketing to keep the other employees from going to work started and in- junction was served on the strikers to refrain from molesting the men who wished to work. The re- sulted in women taking up the pic- keting, which condition still con- tinues. The necessity for cutting down the working crew was due to the order No. L-41 of the War Pro- duction board preventing the use of new materials for highway con- struction except on vital military roads. While the 7 men are out the remaining 16 can only sit idly by and wait, while in the meantime all county highway work is at a standstill. Prosecuting Attorney Nellist says that the law does not permit any municipal organization to recognize a union. Further that any agreement made between such a commission and union representa- tives is not binding nor legal. In the meantime road work goes ne- glected and the whole crew is los- ing salaries. It does seem that it would be unfair for both the Com- mission and the employees not to meet in conference.

Mayor George Burke is in receipt of a telegram ordering him to make plans for a big meeting of mer- chants of this and surrounding communities to be held in Grayling May 12th. This is for the discussion of "price ceilings" on merchandise. An official representative of the Price Administration will be pres- ent and give the principal address. The message says that it is ex- pected that about 400 merchants will be in attendance. The meeting will be held in the Courthouse, Gray- ling, on the evening of Tuesday, May 12th.

Mr. and Mrs. Fred R. Welsh received the glad news by tele- gram this morning of the birth of twins, a boy and a girl, to Mr. and Mrs. Douglas Stirling (Betty Welsh) of Venice, California, on May 6th. They have been named Stephan Bruce and Cary Lynn.

A widely-known Detroit cor- respondent, discussing the various constitutional amendment proposals coming up says: This amendment (reapportionment) if adopted will put the control of the State of Michigan through its legislature into the hands of three counties, Wayne, Oakland, Genesee. These are three CIO counties, which means the Labor leaders will do the voting. If that is what Michi- gan wants they are going to get it in this reapportionment program. It leaves 80 counties without a voice in state affairs. — Charlotte Republican Tribune.

The wire cables of the old system had become so deteriorated that much current was wasted, causing poor lighting. Now with the new system of conduits this will be remedied and also save the city considerable expense in lost elec- tric energy. Boulevard lights were set further back from the curbs so that now parked autos will not be resting against the standards, and doing more or less damage. The new system will also save consid- erable expense in repairs. Now that trouble will be over and many years of service without interrup- tion may be expected.

Meeting called to order at 5:15 p.m. by President Carrol Wert. Motion by Chuck Kroll and seconded by Billie Forbes that the Treasurer's Report be accepted and all bills paid. All Ayes.

The Board was informed of the letters written to the four National Guard units requesting their respective flags for display during Michigan Week Celebration.

President Carrol Wert reported that it appeared as if we are going to be able to have a Spring Northeastern Divisional Regional Sports Car Race. The tentative dates have been set for May 22 and 23. A meeting of the Sports Car Race Committee consisting of Carrol Wert, Chum Longworth, Bill Kraus, Chuck Fick and John Stamply was held at the Chamber Office, April 20th.

Frank May reported on the progress of the float for use in area promotion. Plans are underway to enter it in the Lake City 4th of July Celebration on July 5th and the Traverse City Cherry Festival Parade. The first meeting of this committee will be April 20th, and plans will be formulated to call on the few members of the community who are not members of our Chamber.

Manager Chum Longworth told the Board of excellent attendance at the travel shows held last winter. Almost one third of the people were interested in talking about canoeing. E.M.T.A. representatives will attend one of our future meetings and give a concise report on the E.M.T.A. Travel Shows.

Arrangements have been made by Billie Forbes to hold our May 27th Chamber Board Meeting at the Frederic Townhall, at 7:00 p.m. All interested persons are invited to attend.

The Board was told of the meeting to be held Monday, April 26th, with Harry Travis, Michigan Week Chairman. Approval was given for the Chamber Office to distribute tickets to the governor's luncheon, and the Chamber is to give all help needed to make this a dynamic Civic celebration.

## Letters To The Editor

603 Michigan Ave.  
 Grayling, Mich.  
 25 April, 1965  
 Mr. Robert W. Strong, Publisher  
 Crawford County Avalanche  
 Dear Bob,

I am writing this, my first (and probably last) letter to the editor as a result of the editorial you wrote in the April 22nd Avalanche. I would like to give you my ideas on several of the subjects discussed in your editorial.

You state that (1) "The current effort against girlie magazines and lurid paperback books is not too well coordinated. People are riding off in all directions, to tilt with windmills." (2) You can see no good in "getting on the backs" of the local outlets. To take these items off the news stands "might very well produce a black market in this type of reading material." (3) "The printing of this obscene junk should be attacked on a national scale by halting the printing at the source."

I offer the following ideas for your consideration. As for point number (1), I don't believe there is any ORGANIZED drive at all—merely several citizens acting independently as individuals. Considering point number (2), you state that even the "cleaning up" of all the news stands in the area (if possible) would probably have little effect, as a "black market" might well be created. I believe that this theory deserves a second look.

It is hard to imagine a black market distributing anywhere near the quantity of material that normal outlets provide. It certainly did not work out that way for hard to get items during World War II! Another point to consider here is the teenager who goes to the store for a bar of candy or some hair oil, sees something on the magazine rack that catches his eye (like a picture of a half-nude woman) and buys the magazine. Probably he had not even thought about buying this type of junk until he saw it in the store.

My personnel thought on point number (3) is that you have a fine idea in theory, but that it would be an awful tough theory to put into practice. No going to be an uphill battle for anyone to try to stop publication of material that sells for thousands of dollars a year. A printer in New York City has no particular concern for the effect his books and magazines will have on the young people of Crawford County. I'm just naive enough to think that our local businessmen DO care about the kids that live in this area. I think their support of "Little League", band, etc., etc. proves that point.

Perhaps the people accused of "getting on the backs" of our local businessmen were merely trying to point out to these men just what they were displaying on their shelves. And just what is so wrong with telling a man that you don't approve of and don't like to see such junk in his store?

If it is judged proper to try to do something about controlling diseases of the body (such as measles shots, etc.) why is it not proper to try to do something about control of material which can have a damaging effect on the mind? Certainly it must be admitted that moral decay can cause problems which are far more serious and lasting than the side effects of measles!

In conclusion, I would like to urge you to take a good look at a few of the magazines and books under discussion. It's just possible that you might be quite surprised.

Sincerely, Earl Whaley

## Twirlers Win First At Kalkaska Parade

Eleven members of the Twilight Twirlers paraded and took first place in the Youth on Parade Friday afternoon at three o'clock in the Kalkaska Trout Festival. Led by Nancy Brown, those taking part were Debbie and Nancy Bartholomew, Debbie Miller, Pennie Taylor, Elizabeth Halstead, Jacki Hull, Arvilla Galvani and Kathy Kelly. Ellen Root and Becky Hunn carried the banner. The same group, minus Nancy Brown, and with Debbie Miller as leader, took part in Saturday's Grand Royal Parade also.

**THE TWIRLERS** will take part next in the Holland Tulip Festival on May 15th. The girls are selling Mother's Day cakes to raise funds toward parade expenses and summer activities. To order them call Mrs. Lippard, 348-2886, Nancy Brown 348-3661 or Debbie Miller 348-5921.

Three Twirlers who have their red stars and are working toward blue stars for their charts are Nancy Brown, Debbie Miller and Pennie Taylor. New pupils may start any Thursday at 6:30 in the Elementary School gym.

**Moose Lodge Activities**  
 (Week of April 29)  
 Another State Convention is over and this one, held in Muskegon, was bigger and better than ever. The Grayling Lodge received many very nice compliments by State Officers, by State Director Harold Kretsinger, and by Mooseheart representative Herb Heilmann, who is director of the enrollment dept. at Mooseheart. Compliments were coming from the meetings and outside the meetings. We should all feel proud. Some very outstanding figures were given on the growth of the Moose Fraternity in Michigan.

The degree team entered competition Sunday, and it is known that they did a finer job than last year in both individual scoring and in team scoring. Individual scoring should have been available at the time of this writing but wasn't, so we can't say just how much of a better score was gotten. How the team placed in the state will not be known for several days. A more detailed report will be given at the next regular meeting on the convention.

This Friday is installation of officers at the lodge at 8:00 p. m. The WOFM are invited. There will be a potluck lunch afterward. Sunday is lodge legion of the Moose breakfast at 11:00 a. m. Dr. Harmon Burns will be guest speaker and show slides. This is for all Legion of the Moose members, and any member that is interested in going into the second degree of the Moose.

Saturday there will be a rabbit dinner at the lodge; proceeds going to the building fund.

At the front entrance at Mooseheart, are these words, "Enter to Learn, Leave to Serve."

## Grayling High Band At Trout Festival

The Grayling Senior Band attended the 1965 National Trout Festival at Kalkaska on Saturday April 24th for the Grand Royal Parade at 3:00 p.m. Bands participating included Kalkaska, Kingsley, Grayling, Marion, Lake City, Gaylord, Manton, Mancelona, Bridgeport, Howard City, Barryton and Suttons Bay. Winner in the Class A-B was Bridgeport and C-D class, Mancelona. Due to a small attendance, our band was unable to show its true colors in marching. Only 25 out of 48 were present. However, we had some excellent marching experience. Jody Wyman, our junior drum major, led the band for the first time and did an excellent job. Making their first appearance in marching were the junior majorettes from the 7th, 8th and 9th grades. They marched well and showed good promise for the future. When our new uniforms come, in about one week, we will be able to make a better showing in all our marching events.

To the musicians who practiced during vacation we give a real vote of thanks. Now we look forward to the big festival on May 5th in Grayling with parade at 3:00 p.m. down through the business district, and we hope our uniforms will be in for this big event.

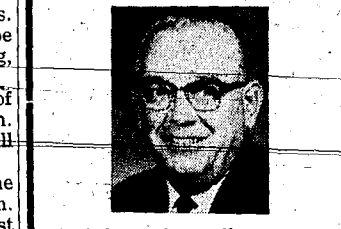

LeRoy Christian, Band Director

**JOHN LAMOTTES MARK GOLDEN ANNIVERSARY**

An open house was held April 24 honoring Mr. and Mrs. John LaMotte at their home, 2144 Harwood's from one to four o'clock in the afternoon. The occasion was to celebrate their fiftieth wedding anniversary. Mr. and Mrs. LaMotte had repeated their wedding vows at 9:30 Saturday morning before Fr. Joseph Sakowski at St. Mary's church. Attending them were John's brother and sister, Frank LaMotte and Mrs. Eva SanCartier, and Mr. and Mrs. Isaac Gendron. Many friends and relatives stopped in to pay their respects and present gifts to Mr. and Mrs. LaMotte. Telegrams arrived for them, and a long distance call from their niece, Mrs. Harold John from Columbus, Ohio, was received. Coffee and cake, beautifully decorated by a grandniece, Mrs. Robert Golinick, were served. John LaMotte was born March 3, 1894, to David and Azilda LaMotte, in Grayling. He grew up here and worked for a time in the flooring mills. He was married April 24, 1915, to the former Blanche Maxson, daughter of the George

Maxsons of Lewiston, at St. Mary's church, the Rev. Fr. Riess officiating. The couple's attendants were Mrs. Anna LaMotte Malloy and the late Middle LaMotte. After John retired from the mills, the couple moved to Beaver Creek, where they lived for forty years. They started a restaurant business on the then new highway M-76, which they later sold, but returned to the restaurant business again, a year and a half ago, this time in Lewiston. The LaMottes have one son, Kermit, who has assisted them in their business ventures. Those attending the celebration from out-of-town were from Holly, Detroit, West Branch, Houghton Lake, Traverse City, Levering, Midland, Auburn, Marshall, and Cleveland, Ohio.

**IN MEMORIAM**

In loving memory of Kathryn E. Glen who passed away July 10, 1964.

God gave me a wonderful mother, A mother who taught me to pray, She read from the old family Bible And bade me the Savior obey. I'll see her some day in the glory, My mother, so kind and so true, And thank her for all that she told me.

For all that she taught me to do, God gave me a wonderful mother, She loved me, I cannot tell why, But now she has gone and I miss her.

For oh, what a mother had I! She knew how to comfort in sorrow, My trials and heartaches she bore, Oh! I had a wonderful mother! Her memory I'll ever adore.
